## R.S.A ON YOUR WAY

An important Responsible Service of Alcohol Message. The responsible service of alcohol is taken very seriously by the club. Our staff must strictly enforce the responsible service of alcohol and if you are showing the signs of intoxication you will be asked to leave the club in accordance with government legislation.

We want everyone who comes to Cabra-Vale Diggers to have a good time and as such we have developed a responsible service of alcohol message with some practical advice. R.S.A On Your Way reflects our responsibility as a licensed venue.

R.S.A On Your Way tips for a good night out:

- Drink wisely! Your drinking can affect others and spoil a good night out.
- Set a limit! Think about your next drink. There is a range of non and low-alcoholic beverages and a variety of food choice available.
- Be a designated driver! Take turns and stay safe.
- Look after your mates! And let them know when they have had enough.
