

EXTRACT OF A THANK YOU LETTER RECEIVED FROM A CONDOBOLIN FARMER

To all the wonderful gentlemen who came to Condobolin, and those who supported them in their trek to the centre of NSW,

We want to pass on yet another heartfelt thank you from our family and Condobolin community. The hampers, vouchers and gift cards were beyond anything we could have imagined. I have already used some of the IGA vouchers to buy a few Christmas presents for the kids (board games for the family to play together). We will certainly be able to cook up a nice Christmas dinner for the family thanks to your generosity...

But more than anything, you gave us the gift of your time - you took time to speak with all of us and check on how we are going. This is such a busy time of the year, yet you made the time to come all the way out to us - navigating road closures as well as the distance. The care and compassion shown by everyone was amazing...

Thank you once again...
